

Nedelle “The Locksmith Cometh” CD
Tangram 7s 07
Release date: Summer 2007

Nedelle’s fourth album and third solo album “The Locksmith Cometh” revels in a bizarre mixture of humor and sadness. Topics often approach that which is seemingly insurmountable - from death and war to breakups and hopelessness. The music fits this paradoxical feeling too, from the bouncy, girl-group inspired “Ghost Ships” and “Your Fiancé”, to the more intimate “Ex-Priest” and “The Last Thing I Do”.

Nedelle played violin, guitar and keyboards on the album, and had a couple of special guests to fill out the arrangements – Chris Cohen (The Curtains) offered drums, bass, and some guitar; Jamie Stewart (Xiu Xiu) also played additional guitar.
